

On the Rocks (film)

On the Rocks is a 2020 American comedy-drama film written and directed by Sofia Coppola. It follows a father and daughter (Bill Murray and Rashida Jones) as they harbor suspicions about her husband's (Marlon Wayans) fidelity. It had its world premiere at the New York Film Festival on September 22, 2020. It received a limited theatrical release on October 2, 2020, by A24, followed by digital streaming on October 23, 2020, by Apple TV+. It received positive reviews from critics, who noted it as lighter than Coppola's previous films, and praised Murray's performance.

Plot

Laura and Dean are a married couple living in Manhattan with two young daughters, Maya and Theo. Laura is a novelist who appears to be stuck in a rut as she struggles to finish her latest book. Dean is a successful entrepreneur at a burgeoning tech start-up, surrounded by young and attractive co-workers, often leaving Laura in charge of their daughters. One night, after arriving home from one of his frequent business trips, Dean climbs into bed and begins to kiss Laura passionately. However, once he recognizes her voice, he abruptly stops and goes to sleep, much to Laura's confusion. The next day, Laura finds a woman's toiletry bag in Dean's luggage; he later explains that it belongs to his business associate, Fiona, and he offered to carry it in his suitcase because she could not fit it in her carry-on.

Laura confides her misgivings about Dean to her father, Felix, a wealthy, semiretired art dealer. A longtime playboy, Felix flirts with most women he encounters and believes that men are biologically wired to cheat. Convinced that Dean is having an affair, Felix proposes an investigation into him and encourages Laura to check his phone for incriminating text messages. Laura reluctantly does so, but finds nothing out of the ordinary.

While away on a business trip, Dean FaceTimes Laura on her birthday and surprises her with a gift, a Thermomix, about which she does not seem particularly excited. Despite previously insisting that she did not want to celebrate her birthday, Laura agrees to go out to a restaurant with Felix. He

reveals that he had Dean followed and he was spotted shopping for jewelry at Cartier. As Laura grows suspicious, Felix picks her up in his vintage sports car and convinces her to stake out Dean as he attends a work dinner. After Dean leaves in a cab with Fiona, Felix speeds through the streets after them, but Laura and he end up pulled over by two police officers due to reckless driving. Felix knows the father of one of the officers, using this to charm his way out of a ticket.

Felix later discovers that Dean is planning a trip to a Mexican resort, which Laura does not believe. The next day, Dean casually tells her about the trip. Upon learning that Fiona is going on the trip as well, an increasingly suspicious Laura calls Felix, who convinces her to follow Dean to Mexico to spy on him. At the resort, Laura and Felix argue over his infidelity, which he attempts to rationalize by saying he felt undervalued by her mother after their children were born, and tearfully reveals that his former mistress recently passed away. Laura asserts that his expectations regarding women's affection is unattainable. They eventually spot a woman in Dean's room one evening. When Laura rushes in to confront Dean, she is surprised to find Fiona in the room with her female friend. Meanwhile, Dean calls Laura to inform her that he left early and is on his way back home. Realizing her mistake, Laura lashes out at Felix, berating him for his selfishness and poor treatment of her mother.

Back in New York, Laura and Dean have a heart-to-heart conversation, in which they share their respective fears and insecurities; she had been feeling alienated from him due to his constant business trips, while he said he had been busy working because he wanted to be a better provider for his family. They reconcile, and Laura overcomes her writer's block. Some time later, Felix visits Laura and the two make amends. While at a restaurant, Dean surprises Laura with a second birthday gift—an engraved Cartier watch. Laura takes off the vintage watch Felix had previously given her and puts on Dean's.

Reception

Critical response

On review aggregator [Rotten Tomatoes](#), the film has an approval rating of 87% based on 290 critic reviews, with an average rating of 7.3/10. The website's critics consensus reads: "*On the Rocks* isn't as potent as its top-shelf ingredients might suggest, but the end result still goes down easy – and offers high proof of Bill Murray's finely aged charm."^[13] On [Metacritic](#), the film has a [weighted average score](#) of 73 out of 100 based on 47 critics, indicating "generally favorable reviews".^[14]

David Ehrlich of [IndieWire](#) gave the film a "B+" and said that "*On the Rocks* isn't destined to achieve the same kind of iconic status as some of Coppola's previous work. It isn't disposable, but it also doesn't offer anything to obsess about, which is a real change of pace for a filmmaker who launched a zillion [Tumblrs](#) and [Pinterest](#) boards and gave humanity the gif of [Emma Watson](#) saying 'I wanna rob.'"^[15] [Owen Gleiberman](#) of [Variety](#) said that "*On the Rocks* turns into a boozy humanistic hang-out caper movie, one that's light-spirited and compelling, mordantly alive to the ins and outs of marriage, and a winning showcase for Murray's aging-like-fine-whisky brand of world-weary devilry."^[16] A. A. Dowd of [The A.V. Club](#) gave the film a B, praising Murray's performance as "an irresistible star turn, loose and funny and comfortable" but calling it weak among Coppola's work.^[17]

Other reviews were less glowing. Socialist magazine *Jacobin*'s Eileen Jones described the film as, "another meandering depiction of life as a bored and alienated celebrity," and noted it for being, "Extraordinarily vapid ... oblivious to its own world of wealth, privilege, and access."^[18]
